

Occupational Health & Safety Commitment

Rocky View Schools values the health and safety of its employees and is committed to an Occupational Health and Safety Program that protects staff, students, property, RVS contractors, visitors, and the environment.

Rocky View Schools' objective is to prevent all work-related illness, injury, and property damage in all work execution and operations. This will be achieved by creating a work atmosphere in which health and safety is integrated into everyday operations.

OUR COMMITMENT:

Rocky View Schools' Leadership Team is committed to and responsible for:

1. promoting a work environment based on employee involvement, teamwork, education, training and commitment to the Occupational Health and Safety Program.
2. promoting the philosophy that safety is a value associated with every priority.
3. treating everyone with dignity and respect.
4. ensuring all regulatory requirements are met in the execution of all work and operations.
5. providing the education and tools required to make all employees aware of their responsibilities and duties under the Alberta Occupational Health and Safety Act, Regulation and Code, and the Workers' Compensation Act.
6. ensuring there is a Joint Workplace Health and Safety Committee with representation from all areas of the division to review OH&S issues and incidents, and provide recommendations.

All employees, including teachers and contractors, are responsible to report health and safety concerns, follow the Division's health and safety program, know the hazards of their job, refuse unsafe work, participate in training, and comply with all applicable government legislation.
