

REGULAR MEETING OF THE BOARD OF TRUSTEES

RVS EDUCATION CENTRE
2651 CHINOOK WINDS DR. SW

AIRDRIE, AB

ZOOM LINK: <https://rockyview.zoom.us/my/rvsboard>

APRIL 25, 2024

10:00 a.m. Regular Board Meeting

AGENDA

1. Call to Order
2. Approval of Agenda
3. Return to Public Portion of the Agenda

Trustee Fiona Gilbert

Rocky View Schools would like to acknowledge the land and recognize all the Indigenous Peoples whose footprints have marked these lands from time immemorial. Together, we can learn and honour the ways of knowing of Indigenous Peoples for all future generations.

4. Approval of Minutes
 - a) Regular Board Meeting – April 11, 2024
5. Exemplary Practice/ Student Showcase
 - a) Crossfield Elementary Community Development Project
6. Superintendent's Report
7. Chair's Report/Correspondence
8. Committee Reports
9. Trustee Reports
10. New Business
11. Adjournment

This unofficial agenda is subject to change and is not *official* until approved at the Board meeting.

EXEMPLARY PRACTICE

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Date of Meeting: April 25, 2024

Showcase Name: Crossfield Elementary School – Community Development Project

Teachers: Janice Graham, Sam Seidel

Student Presenters: Rian Lenehan (Grade 5), Caius Hein (Grade 5), Rosalyn Helm (Grade 5), Lily Speta (Grade 5), Cooper Berard (Grade 5)

Project Description

Staff and students from Crossfield Elementary School will present on a recent student-led community development project. During this project, the Grade 4 and 5 students explored the concept of community and how collective efforts can improve the overall well-being of the place they live. This multi-faceted project saw students demonstrate many Alberta Education competencies, hone their presentation skills and apply real-world, personally relevant experiences to their learning.

Working collaboratively, students designed a hypothetical athletic center for the Town of Crossfield. The students were responsible to create the criteria, scoring rubric and expectations for this project. They then pitched their designs to a panel of community members including the Mayor of Crossfield, Trustee Norma Lang and CES' School Council Chairperson.

This work supports several outcomes of the RVS Educational Plan, with students actively engaged in meaningful and relevant learning. Students also demonstrated strong abilities in critical thinking, communication, problem solving, collaboration, managing information, cultural and global citizenship, creativity and innovation, and personal growth and well-being.

SUPERINTENDENT'S REPORT
REGULAR MEETING OF THE BOARD OF TRUSTEES

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

Item: Balancing Airdrie Student Spaces Accommodation Decision

Date: April 25, 2024

Background

In September 2023 RVS' administration brought forward a proposal to engage families in the City of Airdrie and surrounding area serviced by Airdrie schools. The rationale was because Airdrie's increasing student population and lack of approval of schools resulted in many overutilized schools. Airdrie's situation was not sustainable and needed to be addressed immediately. The ongoing rapid enrolment growth of 300 to 500 new students in Airdrie each year will continue to create space challenges in numerous existing schools.

Many RVS Airdrie elementary, middle and high schools are operating at or near full capacity. As students advance through the grades, they move to our three high schools in the city which are full or even overutilized. This is no longer sustainable, and a solution is necessary to better balance enrolment and maximize utilization of spaces for Airdrie RVS students. To address this compounding issue, an RVS staff working group conducted a thorough review last school year that began with student accommodation challenges in our high schools and expanded to all grade levels. From the review, the group generated three potential options for consideration: converting one middle school into a high school; moving Grade 9 to middle schools; or reorganizing the grade structure across Airdrie. Each option could have a range of impacts for multiple schools, students, families, and staff.

On September 21, 2024, the Board of Trustees passed the following motion:

AIRDRIE ACCOMMODATION CONSULTATION

#1255-2023 MOTION BY TRUSTEE TODD BRAND:

The Board of Trustees approves the Balancing Airdrie Student Spaces engagement plan, as presented, and directs administration to lead implementation beginning in fall 2023.

Current Status

A comprehensive engagement process was developed and executed throughout the fall and winter. See the April 11, 2024, summary report (attached) for a detailed description of the process and the findings from the engagement. Respondents shared that their top three considerations for any grade levels and/or attendance area changes should be:

- Keep neighbourhoods and households together.
- Minimize disruption.
- Balance enrolments to achieve the greatest overall improvement of utilizations.

The original three options shared with families in September 2023 stemming from the recommendations from the staff working group were:

1. Converting C.W. Perry School into a high school. This will redistribute Grade 9 – 12 students across Airdrie. C.W. Perry was chosen because of its location in the city and ability to accommodate high school level programming in its spaces.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

2. Grade 8 students staying in their current school for Grade 9, creating a more traditional Grade 10 – 12 high school model. This minimizes the changes for families as students stay in their schools for one more year; however, it impacts the programming options our Grade 9 students currently have and increases space pressures in some schools by adding a grade. It may also require adding or removing a grade level at some other schools.
3. Re-organize grade structures across Airdrie schools to remove urgent pressures where possible (Kindergarten – Grade 6, Grade 7 – 9 and Grade 10 – 12). This addresses both high school utilization and standardizes grade configuration across the community.

Comprehensive data and an interactive online “Your RVS Journey” tool were provided on RVSEngage and advertised through multiple methods throughout the fall and winter. Families, staff and community members were encouraged to visit the engagement site to view and provide feedback on the potential impact of each option being considered (see attached) across Airdrie schools as well as how their family and children could be affected. They were also invited to attend open houses to ask questions and provide in-person feedback.

The data makes it clear that high school utilizations must be addressed. Feedback shared formally through the engagement process and anecdotally showed support that RVS must do something.

The converting of CW Perry School into a high school did not receive much support throughout the entire engagement. It received the lowest support from online comments, open house comments, and the question asked in the second survey about what best serves all Airdrie students. RVS administration and the public have concerns about the location being embedded in the middle of a residential community as high schools have different needs than other grades. Parking, sports fields, specialized spaces and equipment for a high school would be significant barriers to advancing this option. There would be significant costs for equipping the school to be able to offer a comprehensive high school program. Approval from the City of Airdrie would be required to resolve parking and field issues. For all these reasons, RVS administration is not recommending this option.

The option of Grade 8 students staying in their current school for Grade 9, creating a more traditional Grade 10 – 12 high school model received the highest support in response to what best serves all Airdrie students (67% vs 63% for re-organizing grade structures across all Airdrie schools). While this option resolves the high school utilization issues, there would still be acute pressure on some K-9/middle schools now keeping the grade 9s. Attendance areas would need to be adjusted especially in pressure areas of southwest and central-west Airdrie. Further adjustments to grade configurations and attendance areas not described in this original option would need to occur.

When people responded to what is the best option to support all Airdrie students, the option of re-organizing grade structures across Airdrie schools (Kindergarten – Grade 6, Grade 7 – 9 and Grade 10 – 12) received similar level of community support as the keep grade 9s in their current school. Creating a consistent grade structure across the community was seen as a positive in the feedback received. While it is common in other larger divisions, the student population and size of RVS schools in Airdrie do not fit nicely in the three grade configurations. Even with attendance area changes, some elementary schools are not large enough (even with more modulars) to hold the Kindergarten to Grade 6 population in their area. Southwest Airdrie just does not have enough student spaces no matter the grade configuration.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

At the end of the open houses and at the close of the online survey, RVS administration reviewed the feedback gathered, reviewed the original three options and identified the challenges with each. Comments throughout the process identified different ways to accommodate students than in the original three options. Alternative attendance areas for schools were suggested and explored.

At the end of the process, RVS administration feels that none of the original three options, as originally presented, are the best solution for students in the city. The grade levels for the three high schools need to change to be Grades 10-12. As for the Kindergarten to Grade 9 student population, as much as we would like to standardize the grade levels, it is not the best solution. A hybrid of keeping the Grade 9's at their current school, adjustments to grade levels across the city and attendance area changes are felt to be the best solution moving forward.

While reviewing the original options and starting to refine possible solutions, the Government of Alberta released the list of capital projects approved in Budget2024. The government announced funding for five highly anticipated RVS schools:

- **Full construction funding for an Airdrie Kindergarten – Grade 8 school (South Windsong)**
- **Full construction funding for an Airdrie Kindergarten – Grade 8 school (Bayview)**
- Full construction funding for a Cochrane Kindergarten – Grade 8 school (Rivercrest)
- **Design funding for an Airdrie high school (Southwinds)**
- Design funding for a Chestermere Kindergarten – Grade 9 school (Dawson's Landing)

This provided greater certainty about at least 2 new future elementary schools for Airdrie and the strong likelihood of a new high school for Airdrie. What is not certain is when these two new elementary schools will open. RVS administration's current projection is that they could open for the fall of 2027 or 2028. If the new high school is approved for construction funding in Budget2025, then it could open around 2029. With this information, RVS administration developed some new options to minimize impact across the city and attempt to address the pressure in our most over utilized schools with modulars while we wait for the new schools to be constructed and opened. Any changes in attendance areas and/or grade configurations would be delayed until the new schools are opened.

Modulars are another way to address student accommodation pressures. On November 2, 2023, the Board of Trustees approved the submission to the province for twenty-two (22) new modular classrooms, twelve (12) classroom relocations, and one (1) wet unit relocation. The ask included 9 for Northcott Prairie, 2 for A.E. Bowers, 2 for Herons Crossing, 4 for George McDougall, and 8 for W.H. Croxford. Outside of the typical process, RVS received 2 modulars for George McDougall and 1 for Northcott when some modulars become available elsewhere in the province mid-year. On March 14, 2024, RVS received approval for 9 new modulars (6 for Northcott Prairie in Airdrie and 3 for Fireside School in Cochrane) and 1 relocation of a bathroom unit from Herons Crossing in Airdrie to Northcott Prairie in Airdrie. RVS administration will review the approvals and consider if we may need to ask permission of Alberta Education to alter the locations for the new and relocated modulars given our accommodation pressures, outcome of Balancing Airdrie Student Spaces consultation, etc. Should this be desired, administration will bring this to the Board for consideration. This has been done in previous years.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

New Options:

Option D – Grade configuration changes and some attendance area changes.

While this option includes many changes, none would be made until fall 2025.

A.E. Bowers – Grades move from K-4 to K-5 English, French Immersion changes from K-5 to K-6, Edmonton Trail (South) and The Village (South) redesignated to École Edwards, need 2 more modulars in the summer of 2024 and 2 more modulars in the summer of 2025.

Cooper's Crossing – Grades stay PreK-5. Prairie Springs neighbourhood redesignated from Windsong Heights to Cooper's Crossing, Cooper's Crossing now feeds into Muriel Clayton for grades 6-9 rather than Northcott Prairie.

École Edwards - Grades moves from K-5 for English and French Immersion to K-6 for English and French Immersion, redesignate Silver Creek from Herons Crossing into Edwards, redesignate Edmonton Trail (South) and The Village (South) from A.E. Bowers to Edwards.

Heloise Lorimer - Grades moves from K-5 to K-6, need 4 more modulars in the summer of 2026.

Nose Creek - Grades moves from K-4 to K-5, need 4 more modulars in the summer of 2025 & City of Airdrie approval for likely variance.

R.J. Hawkey - Grades moves from K-5 to K-6 for both English and Christian program.

Ralph McCall - Grades moves from K-4 to K-5, need 2 more modulars in the summer of 2024 and 4 more modulars in the summer of 2025 & City of Airdrie approval for likely variance.

Herons Crossing - Grades moves from K-8 to K-9, redesignate Silver Creek area into Edwards / Airdrie Middle, need 1 more modular in the summer of 2024.

Northcott Prairie - Grades moves from K-8 to K-9, students from Cooper's Crossing and Morningside in grades 6 to 9 now attend Muriel Clayton rather than Northcott Prairie, need 1 more modular in the summer of 2024.

Windsong Heights - Grades moves from K-8 to K-9, students from Prairie Springs now attend Cooper's Crossing K-5 and then move to Muriel Clayton and not Windsong Heights.

École Airdrie Middle - Grades move from 6-8 English and French Immersion to 7-9 English and French Immersion, pickups areas of Silver Creek, The Village (South) and Edmonton Trail (South).

C.W. Perry - Grades move from 5-8 to 6-9, pickup 6-9 students from Bayview, Baysprings and Bayside who formerly attended Muriel Clayton, need to move out the online schools' office space out of C.W. Perry in 2025.

Meadowbrook - Grades moves from 6-8 for English and Christian program to grades 7-9 for English and Christian program.

Muriel Clayton - Grades moves from 5-8 to 6-9, designate Edmonton Trail (South) and The Village (South) for grades 6-9 to École Airdrie Middle, redesignate Bayview, Baysprings, Bayside for grades 6-9 to C.W. Perry, pickup grades 6-9 students from Cooper's Crossing, Morningside and Prairie Springs.

Bert Church - Grades move from 9-12 to 10-12, pickup areas of Ridgeway, Edgewater, Summerhill and Waterstone for grades 10-12, redesignate Key Ranch grades 10-12 from Bert Church to W.H. Croxford. Could repurpose 8 modulars in 2025 as should no longer need the standalone pod.

George McDougall - Grades move from 9-12 to 10-12, pickup areas of Airdrie Meadows and Downtown for students 10-12, redesignate Chinook Gate, Cobblestone Creek, Southwinds grades 10-12 from George McDougall to W.H. Croxford. Could repurpose 4 modulars in 2025 as should no longer needed.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

W.H. Croxford - Grades move from 9-12 to 10-12, pickup areas of Chinook Gate, Cobblestone Creek and Southwinds from George McDougall and pickup Key Ranch from Bert Church for students 10-12, redesignate Summerhill and Waterstone grades 10-12 from W.H. Croxford to Bert Church.

See attached details for option D changes and projected enrolments. Projections for 2027 and beyond include the optimistic addition of two new elementary schools and potential, logical communities designated to the two new elementary schools. It is important to note that no designations for the new schools would occur as part of this Balancing Airdrie Student Spaces, but the numbers are illustrative for possible adjustments when those schools open.

Summary of Option D

- Grade configurations become with 4 grades K-5, 3 grades K-6, 3 grades K-9, 2 grades 6-9, 2 grades 7-9, 3 grades 10-12.
- No changes until fall of 2025.
- All high schools in Airdrie move from grades 9 to 12 to become grades 10-12.
- 16 out of the 17 traditional schools in Airdrie have their grade configuration shifted by 1 grade. Only school with no grade configuration change is Cooper's Crossing Elementary.
- Pressure in southwest Airdrie meant that we needed to redesignate communities to maximize every seat we had in the area. Prairie Springs redesignated from Windsong to Cooper's Crossing then onto Muriel Clayton. Cooper's Crossing changed to feed into Muriel Clayton rather than Northcott Prairie.
- With grade changes in high schools, we could accommodate some of the southwest high school students now into WH Croxford.
- Silver Creek needed to be redesignated to École Edwards and École Airdrie from Herons Crossing to alleviate some pressure at Herons Crossing.
- When schools merge into their feeder school, all students come in at the same grade.
- Only one school with different grade structure for English (K-5) vs. French Immersion (K-6) – AE Bowers (currently occurs).
- Eliminate the small area in central Airdrie who were granted ability to attend any high school in Airdrie 10+ years ago. By eliminating choice, we can plan for these students' attendance as we know where they are designated to and can reduce some busing challenges.
- While not finalized, created some natural changes that would work when new elementary schools / high school are opened.
- Minimize the need for new modulars – beyond the 6 granted in 2024, need 10 in 2025 and 4 more in 2026. Should be able to repurpose 12 free standing modulars from Bert Church and George McDougall to address most of these needs within the city.
- Minimize requests for variance to zoning rules from the City of Airdrie – will likely need their permission for additional modulars planned for Nose Creek and Ralph McCall.
- No French Immersion or Christian program changes to neighbourhood designations.
- Christian program extended to Grade 9 (currently ends at Grade 8).
- Out of the 57 sub-communities in Airdrie and rural areas serviced by Airdrie schools, 20 have some form of change in the designated schools.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

- Approximately 810 students would change schools due to the neighbourhood/attendance area redesignations (not counting grade configuration changes) out of a total of approximately 13,000 Airdrie students (see attached summary).
- Balances enrolments across available facilities.
- Keeps households and communities together.

To balance enrolments across our schools, the transitions to new grade and attendance area changes will need to occur in fall of 2025. The only grandfathering at the student's school would be for students who, if they moved to their new designated school, would only be at that new school for one year. Further study could occur in the 2024/25 school year to refine if any other grandfathering would be recommended by administration and brought to the Board for consideration. If families wanted to move their child to their new school for the fall of 2024, then they could apply for out-of-area consideration this spring although we will not be able to accommodate all those requests.

This option has medium risk as it relies on government approving and financially supporting the movement of existing modulars within RVS. Beyond what has already been approved (6) in 2024, 12 out of the remaining 14 needed modulars could come from Bert Church and George McDougall. The other two could come from Langdon School or Indus School. Other risk includes getting approval from the City of Airdrie for a few locations that may need site coverage variances. Another risk is that all these numbers are based on projected enrolments. If the growth in Airdrie is above projections or the new elementary schools do not open in 2027 then some schools may feel utilization pressures until more modulars could be added/new schools open.

Option E – Grade Changes but No Attendance Area Changes

Another hybrid option could be to adjust grade configurations across RVS' Airdrie schools but not to change any attendance areas. This minimizes changes to families and does not require any transitioning.

A.E. Bowers – Grades move from K-4 to K-5 English, French Immersion stays at K-5, need 2 more modulars in the summer of 2025.

Cooper's Crossing – Grades move from PreK-5 to PreK-6.

École Edwards - Grades moves from K-5 for English and French Immersion to K-6 for English and K-5 for French Immersion.

Heloise Lorimer - Grades moves from K-5 to K-6, need 2 more modulars in the summer of 2025.

Nose Creek - Grades moves from K-4 to K-5, need 4 more modulars in the summer of 2025 & City of Airdrie approval for likely variance.

R.J. Hawkey - Grades moves from K-5 to K-6 for both English and Christian programs.

Ralph McCall – Stays K-4.

Hérons Crossing - Grades moves from K-8 to K-9, need 4 more modulars in the summer of 2025 & City of Airdrie approval for likely variance.

Northcott Prairie - Grades moves from K-8 to K-9, need 6 more modular in the summer of 2024, need 4 more modulars in the summer of 2025 & City of Airdrie approval for likely variances.

Windsong Heights - Grades moves from K-8 to K-9, need 6 more modulars in the summer of 2025 & City of Airdrie approval for likely variance.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

École Airdrie Middle - Grades move from 6-8 English to 7-9 English and 6-8 French Immersion to 6-9 French Immersion.

C.W. Perry - Grades move from 5-8 to 5-9.

Meadowbrook - Grades moves from 6-8 for English and Christian program to grades 7-9 for English and Christian program.

Muriel Clayton - Grades moves from 5-8 to 6-9.

Bert Church - Grades move from 9-12 to 10-12. Could repurpose 8 modulars in 2025 as should no longer need the standalone pod.

George McDougall - Grades move from 9-12 to 10-12. Could repurpose 4 modulars in 2025 as should no longer needed.

W.H. Croxford - Grades move from 9-12 to 10-12.

See attached details for option E projected enrolments. Projections for 2027 and beyond include the addition of two new elementary schools and potential, logical communities designated to the two new elementary schools. It is important to note that no designations for the new schools would occur as part of this Balancing Airdrie Student Spaces, but the numbers are illustrative for possible adjustments when those schools open.

Summary of Option E

- Grade configurations become 1 Grades K-4, 2 Grades K-5, 4 Grades K-6, 3 Grades K-9, 1 Grades 5-9, 1 Grades 6-9, 2 Grades 7-9, 3 Grades 10-12.
- All high schools in Airdrie move from Grades 9 to 12 to become Grades 10-12.
- 16 out of the 17 traditional schools in Airdrie have their grade configuration shifted by 1 grade. Only school with no grade configuration change is Ralph McCall.
- Highly dependent on getting approval for relocating 12 modulars from Bert Church and George McDougall and getting 10 more new modulars or approve to move modulars from Langdon/Indus. Variances from City of Airdrie about number and location of modulars is not fully within the Board's control. Northcott Prairie would need a standalone pod of 10 modulars. Windsong Heights School would need 6 new standalone modulars and a variance. Herons Crossing and Nose Creek Elementary each need variances to add 4 more modulars.
- Modulars could be repurposed once new elementary schools open in Bayview/South Windsong.

Given the desire to minimize change, this option would have plenty of community support. Areas facing the most acute utilization pressures, even with a significant number of modulars, will feel the impact as additional modulars do not provide additional gym, office, learning commons, labs, CTS spaces, etc.

This option has medium-high risk as it relies on government approving and financially supporting the addition/relocation of 22 modulars. Beyond what has already been approved (6) in 2024, some of the 22 could come from Bert Church, George McDougall, Langdon School or Indus School. Other risk includes getting approval from the City of Airdrie for a few locations that may need site coverage variances. If the growth in Airdrie is above projections or the new elementary schools do not open in 2027 then schools may feel increased utilization pressures. Utilization in some schools will be in the 100-105% range.

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

Given there are no attendance area changes in this option, no grandfathering needs to occur.

After listening to the community, recent school announcements, developing various new options, it is the recommendation to implement the changes in option D. While it involves grade and attendance area changes, it best meets RVS' goal to balance Airdrie student spaces with the least risk compared with the other options. Historically, RVS has not received approvals for new modulars and/or relocations in the quantity needed. Without these modular approvals, schools will be back in the same situation we currently face. It will not be popular as several neighbourhoods will have changes to their designated schools. This is a reality across Airdrie and will continue when the two new schools and a high school open and hopefully when other future schools open. While option D is the most complicated and requires the most transitions, no change is required for the 2024/25 school year providing staff with time to communicate and work on the transition planning.

Summary of modular needs

Option	Summer 2024	Summer 2025	Summer 2026
D	6 (2 A.E. Bowers, 2 Ralph McCall, 1 Herons Crossing, 1 Northcott Prairie)	10 (2 A. E. Bowers, 4 Nose Creek, 4 Ralph McCall) <i>Could repurpose 4 from George McDougall and 8 from Bert Church and up to 8-10 from Indus/Langdon</i>	4 (4 Heloise Lorimer)
E	6 (6 North Prairie)	22 (2 A. E. Bowers, 2 Heloise Lorimer, 4 Nose Creek, 4 Herons Crossing, 4 Northcott Prairie, 6 Windsong Heights) <i>Could repurpose 4 from George McDougall and 8 from Bert Church and up to 8-10 from Indus/Langdon</i>	

DIRECTIVE FOR ACTION

TO: BOARD PLANNING COMMITTEE

FROM: THE SUPERINTENDENT OF SCHOOLS

Alternatives:

Alternative I:

The Board adjust grade configurations and attendance areas effective the fall of 2025 as per Option D as presented. Furthermore, that the Board request adjustments to the modulars approved on March 14, 2024, to be consistent with Option D.

Alternative II:

The Board adjust grade configurations and attendance areas effective the fall of 2025 as per Option D as amended. Furthermore, that the Board request adjustments to the modulars approved on March 14, 2024, to be consistent with Option D as amended.

Alternative III:

The Board adjust grade configurations and attendance areas effective the fall of 2025 as per Option E as presented.

Alternative IV:

The Board adjust grade configurations and attendance areas effective the fall of 2025 as per Option E as amended.

Alternative V:

The Board refers the matter back to Board Planning Committee for further discussion.

Recommendation:

The Board adjust grade configurations and attendance areas effective the fall of 2025 as per Option D as presented. Furthermore, that the Board request adjustments to the modulars approved on March 14, 2024, to be consistent with Option D.

Student Impact Summary

12,905 Airdrie Students (Sept 30, 2023)

810 (6%) Total Students Impacted in the 2025-2026 School Year

110 (0.9%) of those Students are Impacted by the Proposed Changes to the High School Choice Area.

700 (5%) of the Students will Potentially Change Schools for the 2025-2026 School Year

Remove High School Choice Area

Community	Students Impacted	Potential New School Impacts
Airdrie Meadows	20	No impact when new schools open.
Downtown	5	
Edgewater	40	
Ridgegate	5	
Summerhill	35	
Waterstone	5	
Total	110	

Nose Creek School to C.W. Perry instead of Muriel Clayton

Community	Students Impacted	Potential New School Impacts
Bayside	180	Students being moved in 2025 to C.W. Perry can stay for middle school and do not need to move again when the new school opens. K-9 will change with new school opening.
Baysprings	35	
Bayview	35	
Total	250	

Cooper's Crossing School to Muriel Clayton instead of Northcott Prairie

Community	Students Impacted	Potential New School Impacts
Cooper's Crossing	165	No change with new school openings
Morningside	80	
Total	245	

Prairie Springs Community to Cooper's Crossing instead of Windsong Heights

Community	Students Impacted	Potential New School Impacts
Prairie Springs	125	No change with new school openings
Total	125	

Silver Creek Community to Ecole Edwards and Ecole Airdrie instead of Herrons Crossing

Community	Students Impacted	Potential New School Impacts
Silver Creek	45	No change with new school openings
Total	45	

Chinook Gate Community to W.H. Croxford instead of George McDougall

Community	Students Impacted	Potential New School Impacts
Chinook Gate*	10	K-9 will change with new school opening. Students to potentially attend South Windsong

Keystone Ranch*	0	K-9 will change with new school opening.
Total	0	

*New Communities

INFORMATION ITEM

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Item: BASS Feedback Summary

Date of Meeting: April 11, 2024

Background:

In response to growing student accommodation pressures across Airdrie, the Board of Trustees (the Board) of Rocky View Schools (RVS) approved the Balancing Airdrie Student Spaces (BASS) engagement plan, developed by Communications, in September 2023. The goals of the engagement were:

- Build an understanding of the significant space challenges in Airdrie schools and garner support for a plan to balance and maximize existing spaces across schools and improve learning environments for Airdrie students;
- Collect valuable feedback from community members to influence decisions about the plan and implementation; and
- Ensure clear, consistent and transparent communication throughout the process. Over communicate to maximize stakeholder awareness and participation.

Working with Board-approved scenarios for how best to balance student enrolment across Airdrie, Communications developed an engagement plan involving several different tactics. Those tactics included a parent/guardian letter, which was emailed to Airdrie-area families introducing the BASS engagement with a link to further information and announcing the dates for four open houses.

A page was developed on RVS' online engagement platform, RVSEngage.com, which would act as the main source of information for community members. Posted on the RVSEngage page was information about the three proposed solutions, videos outlining the space crisis in Airdrie schools and the engagement process, a link to the online "Your RVS Journey" interactive tool, which allowed community members to see how the proposed solutions would impact them or their children along with a non-interactive version of the same information, the Space for Students infographic, and a document outlining current and future school enrolments, capacities and utilizations. Approximately 11,400 visits to this site have been recorded.

Two online surveys were launched on RVSEngage; one in November 2023 and one in January 2024. The first survey asked participants to share their initial thoughts about the proposed solutions. The second asked participants to rank the issues most important to them in terms of balancing enrolment across Airdrie and how much they agreed or disagreed with each of the three proposed scenarios. Participants were also asked to suggest any new ideas they might have for helping to mitigate crowding in Airdrie's schools. A total of 1,299 surveys were completed: 193 responses were received for the initial survey and 1,106 people provided feedback through the second, more comprehensive survey. Respondents did not need to register or provide any personal information to participate.

INFORMATION ITEM

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Key themes from the November survey included;

- A desire to revise the school grades across Airdrie;
- Some anger and disappointment about the proposed solutions; and
- Support for converting C.W. Perry School to a high school but a similar level of resistance to this option.

Key themes from the January survey included:

- Greatest support for having the Grade 8s stay at their current school for Grade 9, freeing up space in the high schools and creating a more traditional middle school/high school model;
 - Drawbacks cited included this option being disappointing for Grade 8s who were looking forward to going to high school for Grade 9 and the pressure on available student spaces this option would pass down to the elementary/middle schools.
- Little support for converting C.W. Perry to a high school due to the many issues this would create in the surrounding neighbourhood – parking and traffic being cited most often;
- Support for re-organizing the grade structure across Airdrie with this being deemed to be the most equitable option for the whole of the school population and the most long-term solution.
 - At the same time, this option was considered to be the most disruptive of the three with too many students needing to change schools too often.
- Parents/guardians of students in the southwest quadrant of the city, particularly in Cooper's Crossing, Hillcrest and Prairie Springs, expressed their displeasure with any of the options as many said they had purchased homes in the area so their children could walk to school for K – Grade 12 but would need to be bused across the city regardless of which solution is implemented.

Four open houses were planned for January/February 2024 at which community members would have the opportunity to look at each possible solution in greater detail and ask questions. Social media posts, a media release which generated some local media interest and coverage, as well as a parent/guardian letter helped to advertise the open houses.

Key themes heard at the open houses included:

- Similar concerns and displeasure from parents in the southwest whose children would no longer be able to walk to school, regardless of which option is implemented;
- A desire to keep developmental ages separated – for example, Grade 7 – 9 should not be in schools with either K – Grade 6 OR Grades 10 – 12 due to the differences in maturity levels between these three age cohorts; and
- Comparable responses to the option of keeping Grade 8s in middle school for Grade 9 or converting C.W. Perry to a high school that were expressed in the online survey responses.

Trustees were invited to attend any or all the open houses and members of RVS' executive team and school administration were on hand to answer questions as were subject experts from Planning. Participants could complete the survey at the open house or click on a QR code, be taken to RVSEngage and complete the survey at their convenience. Attendance at the open houses was good with approximately 450 people attending in total. An exit survey showed attendees were

INFORMATION ITEM

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

overwhelmingly positive about the open houses and the format in which the information was presented.

Questions – Open House Exit Survey (296 surveys collected)	Agree/Strongly Agree
I had the information I needed regarding BASS to participate in a meaningful way	83%
I was able to provide input easily regarding BASS	81%
RVS values my opinion regarding BASS	57%

Interested community members were invited to prepare and present a delegation to the Board at a special meeting in March; however, this meeting was cancelled due to a lack of submissions.

Current Status:

The RVSEngage BASS engagement page continues to be the main source of information for community members and updates are regularly posted.

Once the Board decision is made, Communications will send a Board Chair-approved media release and post the decision on the division’s website, social media and RVSEngage. Letters will be sent to Airdrie-area parents/guardians, Airdrie MLAs, the Minister of Education, the Minister of Infrastructure and Airdrie Mayor Peter Brown. An all-staff email will be sent by the Superintendent and information for staff will also be included in RVS’ two staff newsletters.

Recommendation:

The Board of Trustees acknowledges receipt of the BASS Feedback Summary as information.

BASS Online Survey Results – March 21, 2024

Total number of responses received: 1,299

- Share Your Thoughts online surveys: 193
- Provide your input on BASS online survey: 1,106
- (Includes comments collected on sticky notes during in-person engagement open houses)

Share Your Thoughts

- This survey was open from Nov. 16, 2023, through Jan. 23, 2024.
- Total number of responses: 193
- A single, open-ended question was asked: “Please share your initial thoughts with us.”

Top Responses:

Revise the school grades across Airdrie	57
Convert CW Perry	35
Angry/disappointed in options	32
Grade 9 to middle schools	30
Do not convert CW Perry	29
Build a school	7
City allows overdevelopment	7
Do not move Grade 9s to middle schools	5
Do not revise school grades across Airdrie	2
Build portables	2

Provide your input on Balancing Airdrie Student Spaces

- This survey was open from Jan. 23 through March 17, 2024.
- Total number of responses: 1,106

Q1. Please rank the top three considerations most important to you with 1 as MOST important. You will not be able to rank them the same number.

1. Keep neighbourhoods and households together
2. Minimize disruption
3. Balance enrolments to achieve the greatest overall improvement of utilizations

Q2. Please select the response that most closely reflects your thoughts on each potential solution.

	I don't know	Strongly disagree	Disagree	Agree	Strongly Agree	Agree/Strongly Agree
The solution that would best serve all Airdrie students is converting C.W. Perry School into a high school.	144 (13%)	340 (31%)	196 (18%)	210 (19%)	202 (18%)	37%
The solution that would best serve all Airdrie students is having Grade 8 students stay in their current school for Grade 9.	46 (4%)	149 (13%)	153 (14%)	324 (29%)	419 (38%)	67%
The solution that would best serve all Airdrie students is re-organizing the grade structures across Airdrie schools (Kindergarten – Grade 6, Grades 7 – 9 and Grades 10 – 12).	57 (5%)	203 (18%)	135 (12%)	259 (23%)	443 (40%)	63%

Text Analysis

Main Themes: Convert C.W. Perry to a high school

Benefits

- An additional high school should help capacity issues at the existing high schools
- Less disruptive option (fewer kids impacted across the city)
- C.W. Perry has the space/facilities for high school options
- Creates a high school in the northwest quadrant of the city/students from this quadrant don't have to bus to school or bus as far to school
- Should create more balanced utilization across the city
- Smaller high school class sizes
- Friends and siblings can stay together through high school

Drawbacks

- Lack of parking for students and young drivers on the road a worry in the neighbourhood
- Increased traffic in the community
- Students would have to be bused across the city rather than attend the high school in their community
- Extra transportation costs for parents
- Transportation issues: we can't get enough buses and drivers now; how will RVS ensure there are enough for the number of new routes that would be needed?
- Doesn't help balance the utilization numbers across the city
- Crowding issue in high schools is simply passed down to the elementary/middle schools; doesn't actually solve the problem, just shifts it
- Short-term solution
- School isn't near amenities high school students need like restaurants
- School wasn't designed as a high school and will not have room for or enough programs/options
- Location near two elementary/middle schools would not be appropriate – older kids intimidating younger students
- Students would have to move from a school and programs they want – e.g. the theatre program at Bert Church High School
- Would be expensive to retrofit the school and move resources, support staff and teachers
- Doesn't help the utilization of Croxford

Main Themes: Keep Grade 8s in same school for Grade 9

Benefits

- Gives young students one more year in middle school – not mature enough for high school
- Keeps developmental ages together – i.e. Grade 9s are too young for high school
- Better aligned with provincial curriculum
- Aligns with how other Alberta divisions (e.g. Calgary) are structured
- Students stay in a school they know for an additional year
- Longer-term solution
- Better for school sports
- Less disruptive for parents/students (not all communities in the city would be impacted)
- Takes some of the space pressure off the high schools
- More traditional grade structure
- Kids would be able to stay with their peer group/siblings
- Creates better balance of student spaces across the city

Drawbacks

- Grade 9s would miss out on a transitional year in high school
- Disappointing for kids who were looking forward to moving to high school
- Not enough room in the middle schools for Grade 9s
- Programming for Grade 9s that is available in high school would not be available at middle schools
- Staffing – high school teachers might have to move to middle school
- Not a long-term solution

Main Themes: Re-organize the grade structure across Airdrie

Benefits

- Keeps developmental ages together – e.g. Grade 9s should not be in same schools as Grade 1s, Grade 9s are too young for high school, etc.
- Spreads the disruption among all families/best option for the entire community
- Aligns with provincial curriculum
- Better for school sports – Grade 9s competing against other Grade 9s rather than Grade 10s
- Aligns with other school divisions, i.e. CBE
- Does a better job of balancing utilization across all Airdrie schools
- Creates consistency in grade structure for types of schools
- More long-term solution
- Potential for smaller class sizes at currently over-utilized schools
- Relieves some of the pressure on Airdrie's high schools

Drawbacks

- More disruptive than other options – more kids impacted
- Kids would have to be bused to a school across the city rather than attending the school in their community.
- Transportation issues – we can't get enough buses and drivers now; how will RVS ensure there are enough for the number of new routes that would be needed?
- Extra transportation costs for families who bought their homes thinking their kids could walk to school.
- Just shifts the utilization issues downstream to the elementary/middle schools
- Too many kids would need to move schools/kids would have to change schools too often
- Huge project – can it be done in a timely manner?
- Impacts families – transportation, before and after school care, siblings looking after younger siblings, etc.
- Expensive option – cost to move resources and set up schools for new grades
- More schools are above 80 per cent utilized than with the other options

Main Themes – What new ideas should we consider?

- Build more schools
- Add portables (including pressing the government to approve portable requests more quickly)
- Build our own portables – suggestion to approach ATCO and other builders
- Build bigger schools – so portables aren't needed as soon as the school opens and the building can accommodate more students
- Re-draw the school boundaries across the city
- Pressure the Province to expedite the building of new schools once funding is approved
- Bring in hybrid learning at the high school level – part in-class, part online
- Two schedules for high school – morning and late afternoon/evening
- Use other buildings – warehouses, Education Centre, un-used office space, etc. – as school space
- More support from government needed
- Create more programs of choice for high schools – like the Farm, Building Futures – so students can go learn elsewhere
- Combine French Immersion/Catholic/Francophone schools into one building
- Create a school for French Immersion
- Remove Christian program from RVS
- Cap population growth in Airdrie

-
- Remove Kindergarten from RVS
 - City has allowed over-development
 - Cap enrolment
 - Existing students stay in their current schools, new students go to other schools outside the community with lower utilization
 - Developers should have to pay part of the cost for building a school and that process should begin before houses start to be built
 - Allow parents to send their kids to lower utilized schools if they desire
 - Explore other sources of funding
 - Use reserves to build new schools
 - Build schools before communities – i.e. city development plans should include school builds
 - Do more advocacy
 - Allow fewer out-of-area requests – i.e. Students should attend designated school(s)
 - Schools should be part of municipal/provincial development structure plans
 - Send Airdrie kids to schools in rural areas with low utilization if the parents agree

Balancing Airdrie Student Spaces

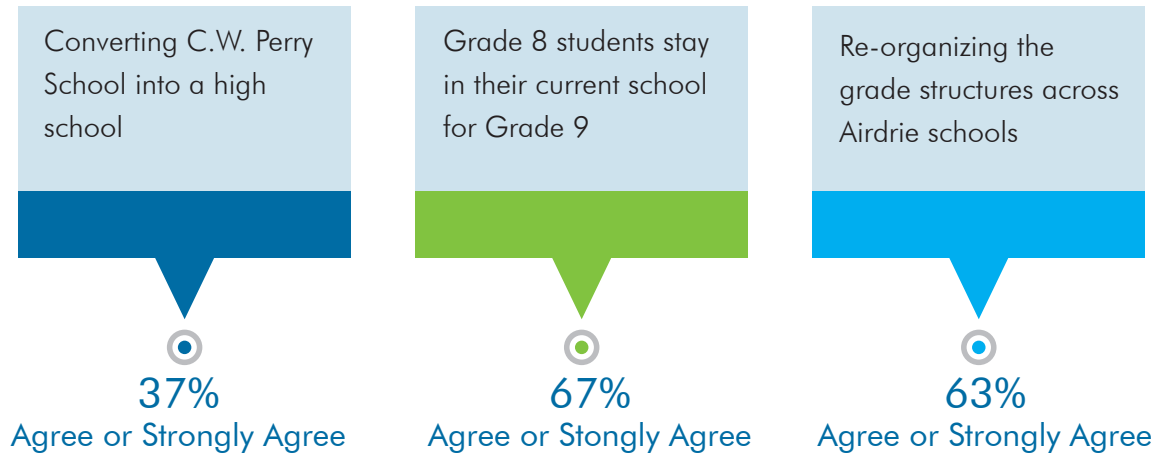

WHAT WE HEARD

PROVIDE YOUR INPUT SURVEY: Jan. – March 2024

What You Said Should be the Top Three Considerations

1. Keep neighbourhoods and households together
2. Minimize disruption
3. Balance enrolments to achieve the greatest overall improvement of utilizations

Which Solution You Feel Best Serves All Airdrie Students

Main Themes We Heard

Convert C.W. Perry School to a high school

Benefits

- Helps capacity at other high schools
- Creates a NW high school
- Friends and siblings can stay together
- Less disruptive than other options
- Smaller high school classes

Drawbacks

- Lack of parking
- Increased traffic in neighbourhood
- Utilization issues passed down to elementary/middle school grades
- School not designed to have space for high school-level programs/options
- Short-term solution

Grade 8s stay in middle school for Grade 9

Benefits

- Kids get extra year in middle school to mature/Grade 9s too young for high school
- Aligns with provincial curriculum/other school divisions
- Longer-term solution
- Relieves pressure on high schools

Drawbacks

- Grade 9s miss out on transitional year
- Disappointing for kids looking forward to moving on to high school
- Not enough space in middle schools for Grade 9s

Re-organize grade structure of all schools

Benefits

- Aligns with provincial curriculum/other school divisions
- Balances utilization rates in more schools
- Longer-term solution
- Keeps developmental ages together
- Relieves pressure on high schools

Drawbacks

- Impacts the greatest number of students/families
- Potential need to bus more kids/extra cost for families
- Utilization rates are actually higher at more schools

New Ideas RVS Could Consider

- Hybrid learning model for high school – in-person/virtual learning
- Two schedules for high school – one group attends morning to mid-afternoon; second group attends mid-afternoon into evening
- Advocate to the Province to expedite building of new approved schools
- Open up registration at lower-utilized rural schools to Airdrie students, if desired by parents/guardians
- Build schools before communities

HOW YOU PARTICIPATED

1,316 Online Surveys Completed

450 Open House Attendees

11,600 Visitors to RVSEngage

3,180 Documents Downloaded

ROCKY VIEW SCHOOLS

SHARE YOUR INITIAL THOUGHTS SURVEY: Nov. 2023 – Jan. 2024

Main Themes

- Broad range of responses expressed both support for and against each solution
- Question if the solutions would help over the long-term
- Frustration/disappointment in options
- Suggestions to build schools/add modulars
- Attribute space challenges to over development and lack of planning in Airdrie
- Concerned with overcrowding in schools and recognition change is needed

SPACE for STUDENTS

Advocating for Our Communities

RVS' greatest challenge, most critical need and the focus of our advocacy efforts is Space for Students. Our Board of Trustees has advocated for many years for the appropriate number of schools for our growing populations.

Recent advocacy efforts include:

- Letters to provincial and municipal government officials requesting meetings and inviting officials to tour RVS schools
- Presentations to elected officials including the education minister, infrastructure minister and MLAs
- Media outreach to tell our Space for Students story in local and regional media
- Space for Students video
- Infographics printed and distributed to community members, elected officials, school councils, parents and more
- Targeted social media campaign
- Presentations to school councils
- Advocacy Toolkit made available on RVS Website:
 - > Infographics
 - > Quick Facts
 - > Share Our Story
 - > Decision Maker Contact Information

SPACE for STUDENTS

Airdrie Schools are Bursting at the Seams

350 - 500 new students each year

RISING ENROLMENT

12,904

K-12 students
(2023/24)

158%

increase in students
2003 to 2023

RISING UTILIZATION

2023

96%

utilized

2028

114%

utilized

13 of Airdrie's
17 schools are full

CROWDED SCHOOLS

465

more K-8 students
than spaces by 2028

1,480

more high school
students than spaces
by 2028

Airdrie urgently
needs new schools

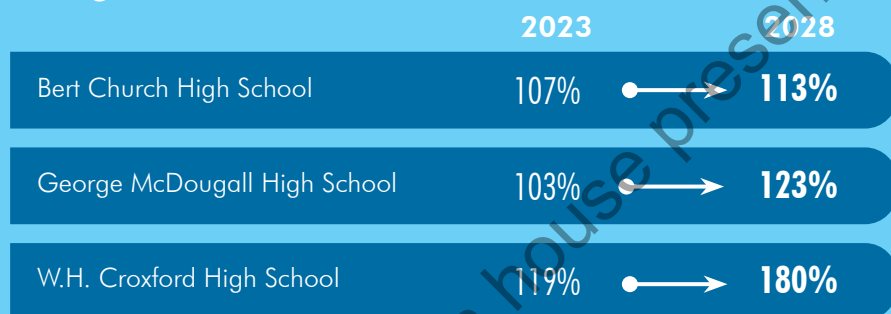

Airdrie's high schools are already full.

2028 – Earliest a new high school could open in Airdrie

110%
current utilization rate of all Airdrie high schools (2023/24)

139%
utilization of all Airdrie high schools by 2028

Rising Utilization

Once the provincial government approves a new school or an addition, it takes three to four years to plan and build.

50%
of all new RVS students are in Airdrie (2023/24)

499
new Airdrie students in 2023/24

Airdrie is the **fastest growing city** in Alberta and will become the **third largest city** in the province by 2033.*

Airdrie's population growth 2002 to 2022

243%**

Alberta Education Annual Modular Classroom Program

- Provincial funding is provided for adding or relocating existing modular classrooms to ease enrolment pressures in communities where school jurisdictions are experiencing high enrolment growth.
- Modular classrooms are approved to alleviate short- to medium-term growth pressures.
- Multiple factors are considered when choosing the placement, relocation and/or request for additional units.
 - > Current building code standards
 - > Site constraints such as firefighting provisions, allowable site coverage, parking stall counts, access for delivery and placement
 - > Additional cost considerations such as interior corridor, firewalls and washroom facilities
- Modular units can enhance the learning experience by providing temporary relief. However, modulares provide space for core programming instructional space and do not account for:
 - > Increased use of gymnasiums
 - > Additional interior corridor traffic
 - > Access to optional programs
 - > Overall strain on the facility use

Modulars in RVS

RVS reviews its accommodation needs yearly to determine our request for additional modular classrooms. **In 2023, RVS received funding for 15 of the 32 modulars we requested.** For 2024, RVS has requested 22 new modulars and funding to move 12 existing modulars.

Many schools within Airdrie are at maximum modular capacity on their school sites.

Number of modulars that could be added to existing Airdrie schools:

A.E. Bowers Elementary School	6

Realities

13/17

Airdrie schools will be over-utilized by 2025/26

We are in a space crisis and need to balance student spaces across Airdrie schools for the immediate and long-term future of our schools.

- Maintaining the status quo is not an option – we are rapidly running out of student space in many schools.
- This is not only a high school space issue; this is an Airdrie-wide issue.
- The solution will likely impact most families in Airdrie.
- RVS' goal is to do what is best for Airdrie students.
- There are benefits and challenges to each potential option.
- None of these options create new spaces but seek to maximize the spaces we have.
- The options presented can help prepare for the possibility of new schools in Airdrie in the future.

By the Numbers

Airdrie is the fastest growing city in Alberta and will become the third largest city in Alberta by 2033. (Source: ATB Financial)

- From 2002 to 2022 Airdrie's population grew 243%. In the same time,
 - > Calgary's population grew 52%
 - > Red Deer's population grew 45%

Rising Enrolment

- Current RVS enrolment in Airdrie: 12,904
 - > In 2023/24 Airdrie enrolment increased by 499 students
 - > 50% of all new RVS students are in Airdrie
 - > By 2028 there will be 465 more Kindergarten – Grade 8 students and 1,480 more Grade 9 – 12 students in Airdrie than there are spaces

Rising Utilization

- Utilization in Airdrie schools will increase to 114% by 2028 if no new schools are opened
 - > RVS' last Kindergarten – Grade 8 school opened in 2020 (Northcott Prairie School)
 - > RVS' last high school opened in 2014 (W.H. Croxford High School)
- High schools are already over utilized:
 - > Current utilization of Airdrie's high schools: 110%
 - > Utilization by 2028: 139%
- If construction started tomorrow, the earliest a new high school could open is 2028

Note: Utilization is the area (in square meters) of school facilities in active use for the instruction of students. A school with a utilization rate of greater than or equal to 85% is considered fully utilized.

No changes from current path

Realities

13/17
Airdrie schools would be over-utilized by 2025/26

- C.W. Perry School was built as a middle school/junior high but could support high school programming.
- C.W. Perry School was built with no student parking spaces available. Student parking would be a challenge at this site.
- Sagewood's neighbourhood infrastructure differs from most neighbourhoods where high schools are built.
- C.W. Perry School has limited athletic fields. RVS could explore a partnership with the city to access nearby Monklands fields.
- This option keeps all Airdrie high schools at Grades 9 – 12. Given the rapid growth of Airdrie, keeping high schools with four grades may present more space challenges for these buildings in the future.
- When Grade 9 students are in a Grade 9 – 12 school, they often have access to more option courses and get more instructional time than in a junior high.
- There would be numerous requirements to be navigated with the City of Airdrie to make this change (parking, traffic studies, building and development permits).

Convert C.W. Perry School to a High School

Realities

13/17
Airdrie schools would be
over-utilized by 2025/26

- This solution may result in fewer changes for students and families; students get to stay another year in their current schools.
- When Grade 9 students are in a Grade 9 – 12 school they may have access to more options courses than when in a middle school.
- Staffing shifts will need to occur as some staff move from high schools to elementary/middle schools.
- Current schools will need to reimagine their spaces to absorb another year of students. In some cases, grade configurations in elementary feeder schools will need to be revisited.
- Current schools will have to expand programming to offer Grade 9 courses.
- Grade 9s will shift from 1,000 hours to 950 hours of instruction per year. (Government mandate is 950 hours of instruction per year)
- Grade 9s could benefit from more access to organized athletics, as many neighbouring jurisdictions compete with Grade 8/9 athletics.

Grade 8 Students Stay in Current School for Grade 9

What do you see as the drawbacks of this potential solution?

open house presentation boards

Realities

15/17
Airdrie schools would be over-utilized by 2025/26

- Standardizes grade configuration across the community and sets RVS up for future success.
- Aligns with Alberta curriculum levels:

RVS Grade Configuration	Alberta Curriculum Levels
Kindergarten	Early Childhood Division
Grades 1 – 6	Elementary Division
Grades 7 – 9	Junior High School Division
Grades 10 – 12	Senior High School Division

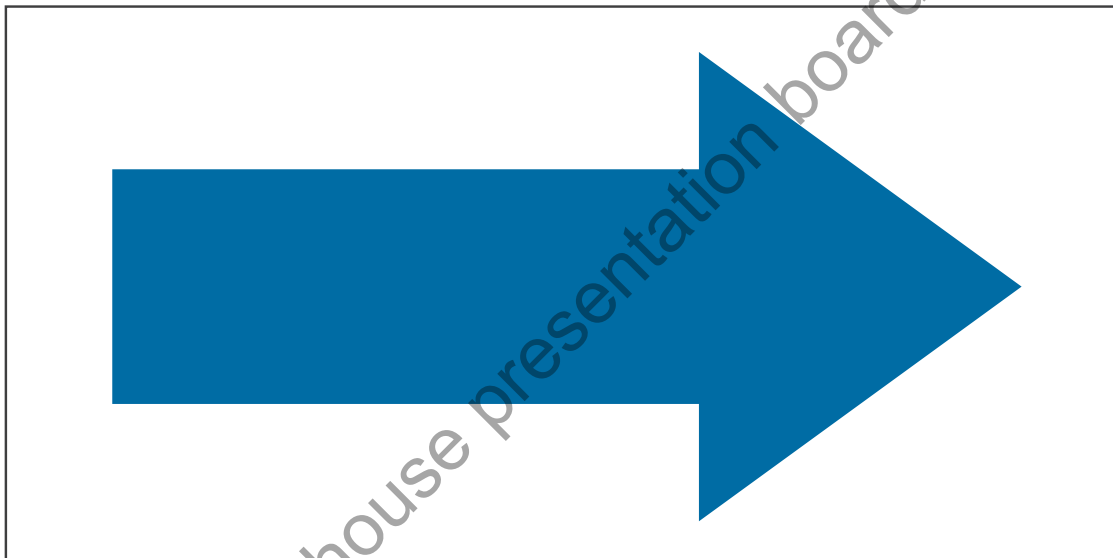

- Grade 9s will shift from 1,000 hours to 950 hours of instruction per year. (Government mandate is 950 hours of instruction per year)
- Grade 9s could benefit from more access to organized athletics, as many neighbouring jurisdictions compete with Grade 8/9 athletics.

- Grade 7 – 9 schools do not offer the same programming options high schools can provide; Grade 9 students will have different options made available in this configuration.
- Staff movement will occur as staff need to be redeployed from high schools to the Grade 7 – 9 schools.
- Northcott Prairie School shifts to Grades 7 – 9.
- Schools may need to change space configurations depending on the changes to the grades.
- Potentially fewer changes for students and families than other options.

What other new ideas should we consider?

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Date of Meeting: April 25, 2024

Item: Transportation Exception Routes - Indus

Background:

Rocky View Schools operates exception routes for transportation. These routes help maintain the student population of smaller schools.

As Indus School has a small overall population, maintaining the student population allows the school to offer programming that might not be possible without the additional students. To take advantage of smaller class sizes, and a small school atmosphere, students residing in the Hamlet of Langdon have, in previous years, applied through the out of area application to attend Indus School. The Board has supported these requests in previous years by approving a transportation route exception from Langdon to Indus School.

The Board has historically supported these requests to support smaller school communities and parent choice. Parents/guardians are still required to pay transportation fees to access to these routes.

Current Status:

The Indus exemption route is still in use. Attached in Appendix A is a map and specifics on the current utilization of the route. The route timing and stop locations may vary slightly year over year. The school principal, and RVS Administration, are requesting that the route continue for the next two years.

As approval to operate these routes expires as of June 30, 2024, administration is recommending that these routes be extended for an additional two years.

Alternatives

Alternative 1

The Board of Trustees approves the transportation route exception from Langdon to Indus School for the 2024/25 and 2025/26 school years.

Alternative 2

The Board of Trustees approves the transportation route exception from Langdon to Indus School for the 2024/25 school year.

Recommendation:

The Board of Trustees approves the transportation route exception from Langdon to Indus School for the 2024/25 and 2025/26 school years.

Date of Meeting: April 25, 2024

Item: Transportation Exception Routes - Kathryn

Background:

Rocky View Schools operates exception routes for transportation. These routes help maintain the student population of smaller schools.

As Kathryn School has a small overall population, maintaining the student population allows the school to offer programming that might not be possible without the additional students. To take advantage of smaller class sizes, and a small school atmosphere, students residing in Prairie Royal have, in previous years, been allowed to attend either Kathryn School or East Lake School. The Board has supported this attendance option by approving a transportation route exception in past years.

The Board has historically supported these requests to support smaller school communities and parent choice. Parents/guardians are still required to pay transportation fees to access to these routes.

Current Status:

The Kathryn School exemption route is still in use. Attached in Appendix A is a map and specifics on the current utilization of the route. The route timing and stop locations may vary slightly year over year. The school principal, and RVS Administration, are requesting that the route continue for the next two years.

As approval to operate these routes expires as of June 30, 2024, administration is recommending that these routes be extended for an additional two years.

Alternatives

Alternative 1

The Board of Trustees approves the transportation route exception from Prairie Royal to Kathryn School for the 2024/25 and 2025/26 school years.

Alternative 2

The Board of Trustees approves the transportation route exception from Prairie Royal to Kathryn School for the 2024/25 school year.

Recommendation:

The Board of Trustees approves the transportation route exception from Prairie Royal to Kathryn School for the 2024/25 and 2025/26 school years.

Date of Meeting: April 25, 2024

Item: Transportation Exception Routes - Westbrook

Background:

Rocky View Schools operates exception routes for transportation. These routes help maintain the student population of smaller schools.

As Westbrook School has a small overall population, maintaining the student population allows the school to offer programming that might not be possible without the additional students. To take advantage of smaller class sizes, and a small school atmosphere, students residing in the Town of Cochrane have, in previous years, applied as out of areas students to Westbrook School. The Board has supported these requests by approving a transportation route exception in past years. A single stop has been provided in Cochrane where the Town of Cochrane students are picked up and then transported to Westbrook School.

The Board has historically supported these requests to support smaller school communities and parent choice. Parents/guardians are still required to pay transportation fees to access to these routes.

Current Status:

The Westbrook School exemption route is still in use. Attached in Appendix A is a map and specifics on the current utilization of the route. The route timing and stop locations may vary slightly year over year. The school principal, and RVS Administration, are requesting that the route continue for the next two years.

As approval to operate these routes expires as of June 30, 2024, administration is recommending that these routes be extended for an additional two years.

Information Item: School Fees 2024/25 School Year

Date of Meeting: April 25, 2024

Background:

In accordance with section 57 of the Education Act and the School Fee Regulation (95/2019), the Board of Trustees are required to: “Prior to the commencement of each school year establish a school fee schedule that lists each school fee that may be charged to parents”.

In addition, the Board of Trustees is responsible to approve the schedule of school fees in accordance with Board Policy 26, Instructional Resource Fees for Optional Courses, Programs, Activities or Goods.

The Superintendent provided direction to school-based administrators to assist with the development of fees for 2024/25 on February 26, 2024. The direction provided to the schools was as follows:

- No increases to any optional course fees by greater of \$5 or 3% except for optional courses fees related to food and construction materials which can increase by greater of \$5 or 10%.
- No school wide blanket optional course fee increase.
- No new alternative program fees for Programs of Choice like building Futures, Mechanic Training Program etc.

Current Status:

School fee submissions were due April 10. A full listing of all proposed fees to be charged to parents can be found in attached appendices as outlined below.

2024/25 Status	SGF Fees (Activity, Extra Curr., Sales)	Optional Courses	Alternative Programs	SGF Fees (Travel)	Divisional Fees	Total Fees
NEW	37 (A)	47 (A)	-	1 (A&J)	-	85

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Highlighted changes from prior year fee listings, include:

1. New Fees - **85** (Appendix A)
 - 47 optional course fees for new course opportunities identified.
 - None of the new optional course fees created correlate to any deleted fees.
 - Remaining new fees include 18 activity fees, 10 extracurricular fees, 6 fees to enhance education, 3 goods and services and 1 non-curricular travel fee.
2. Optional Course Fee increases greater than \$5/3% maximum - **16** (Appendix B)
 - All optional course fees greater than the \$5/3% maximum represent Food and Construction courses permitted to increase by 10%.
3. General Fee increases greater than 5% - **32** (Appendix C)
 - Majority of proposed increases pertain to activity fees resulting from increased costs for transportation and various service providers.
4. Fees increases less than maximum - **95** (Appendix E-1 and F-1)
 - These proposed fee increases are less than the maximum permitted.
 - 58 proposed fee increases pertain to optional course fees.
 - 37 proposed fee increases pertain to general SGF including activity, extracurricular, and sales.
5. Fee increases at the maximum **579** (Appendix E-2 and F-2)
 - 24% of the proposed fee changes have changes exactly at the maximum increase of \$5 or 3% increase.
 - 345 proposed fee increases pertain to optional course fees.
 - 234 proposed fee increases pertain to general SGF including activity, extracurricular, and sales.
6. Alternative Program Fees - **21** (Appendix I)
 - All the alternative program fees have no proposed increases.
7. Travel Fees - **70** (Appendix J)
 - The majority of travel fees (52) have no proposed increases.
 - 14 fees were increased by \$5 or 3%.
 - 2 fees were increased greater than 5%.
 - 1 new fee proposed for Chestermere Lake Middle.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

8. Divisional Fees - **18** (Appendix K)

- No proposed changes to divisional fees for band instrument rentals, insurance fee, or tuition for non-Alberta residents.

9. No changes – **1,470** (Appendix G and H)

- There are no proposed changes for 62% of the school fees.
- 557 fees relate to optional course fees.
- 913 fees relate to general SGF fees.

10. Deleted Fees – **101** (Appendix L)

- Proposed removal of 101 fees no longer used or required.
- All deleted optional course fees were cross-referenced against any new fee requested to confirm there were no delete and replace items.

Extracurricular sports fees may need to be adjusted before the beginning of the 2024/25 school year as sport plug-in fees (centrally determined fees related to referees, coordinators, mileage/meals, location rentals) may need to go up.

Alternatives:

Alternative I:

The Board of Trustees approves the schedule of school fees and directs the Superintendent to publish the list on school websites no later than June 30, 2024.

Alternative II:

The Board of Trustees approves an amended schedule of school fees and directs the Superintendent to publish the list on school websites no later than June 30, 2024.

Alternative III:

The Board of Trustees refers administration take the schedule of school fees back for further review and revision.

Recommendation:

The Board of Trustees approves the schedule of school fees and directs the Superintendent to publish the list on school websites no later than June 30, 2024.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Item: 2024/25 Transportation Fees

Date of Meeting: April 25, 2024

Background:

Student transportation and corresponding transportation fees are governed by Policy 17 and Administrative Procedure AP5105. Each year, student transportation fees are updated to reflect projected expenses and revenues of the Transportation Branch. The fees are not implemented until approved by the Board of Trustees.

The *Education Act* and the corresponding regulation for Student Transportation (96/2019) provides guidance to school divisions on the provision of student transportation services and potential transportation fees.

Current Status:

The Alberta Transportation Grant for 2024/25 increased by 2.8% over the 2023/24 level. School boards are able to implement the new walk distances early but must adopt the new walk limits for the 2025/26 school year. Revised walk limits are 1 km for Grades K-6 and 2 km for grades 7-12. Boards are forecasting their ability to balance the transportation budget with the new walk limits and the new funding levels provided. Some Boards have identified that the current funding levels provided to address the new walk limits will not be sufficient to operate transportation and balance the transportation budget. There are still significant unknowns for both the revenue and expense streams for transportation.

RVS will continue to operate with the current service levels for 2024/25 in anticipation that the province reviews the model to ensure that adequate resources are provided to fund the new walk limits and/or reconsider the new walk limits.

The Transportation Department is experiencing continued growth which correlates with the increased student population at the schools.

Overall costs increases related to contracted services are anticipated to increase to reflect the consumer price index of 3.8%. Some of the input costs related to the provision of transportation services have outpaced the CPI year over year.

Contract operators have signaled to the division that they face inflationary pressures due to supply chain issues and increased demand for buses putting further pressure on the price of acquiring a bus. Buses incurred higher inflationary increases than most other goods year over year. A 72 passenger bus increased by 45% in the last year, at a time contractors are now having to start renewing their aging fleets. Compound this with increasing cost of fuel, with carbon pricing increasing over the next few years. Their ability to attract and retain bus driver requires higher compensation and long term

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

incentives. In order to address these significant increases in costs, RVS is projecting our per route cost to significantly increase in 2024/25 as many of those contractors costs are passed down to RVS.

RVS will likely have unspent Transportation dollars in 2023/24 due to the inability of contractors in provide more routes. Those unspent 2023/24 transportation dollars will be used to help buffer significant increases in contractor costs for 2024/25. This should eliminate the need for a fee increase in 2024/25 and provide stability for 2024/25.

The early registration incentive is also recommended to remain in place as it encourages parents/guardians to register before June 23, thus reducing the number of last-minute transportation registrations in September. Early registrations minimize the delays in the assignment of students to routes, also facilitate route planning over the summer, and reduce the amount of route adjustments in September. The early partial payment provides an indication of the parents/guardian's commitment to have their children on a bus starting in September

Given all the unknown variables and our ability to use reserves to fund the additional costs forecasted for 2024/25, the Transportation Committee is recommending that transportation fees remain unchanged for 2024/25

Attached in Appendix A are the proposed fees for 2024/25. Administrative Procedure AP5105 outlines the guidelines for transportation fees.

The Branch will continue to look for efficiencies to maximize the student ridership using the limited resources available. Minor route and time adjustments may occur to meet school schedules, student needs, and enrolment changes.

Alternatives:

Alternative I

The Board of Trustees maintain the transportation fees for 2024/25 at the current levels as the 2023/24 transportation fees per attached Appendix A.

Alternative II

The Board of Trustees approves the transportation fees for 2024/25 as amended.

Alternative III

The Board of Trustees refers the matter to the Board Planning Committee for further investigation.

Recommendation:

The Board of Trustees maintain the transportation fees for 2024/25 at the current levels as the 2023/24 transportation fees per attached Appendix A.

DIRECTIVE FOR ACTION

Appendix A

2024-2025 Student Transportation Fees, for grade 1-12 students, are outlined below. Student Transportation Fees do not apply to Kindergarten children.

	Per Grade 1-12 Student (first 2 students in a family) Per Annum	Per Grade 1-12 Student (remaining children, 3+) Per Annum
2.1 Transportation fee for resident students attending their designated school	\$325.00	\$162.50
2.2 Transportation fee for resident students transported to a school other than their designated school	\$325.00	\$162.50
2.3 Transportation fee for students shuttled between Springbank Middle School and Springbank High School	\$325.00	\$162.50
2.4 Transportation fee for non-resident students accessing a school bus within the boundary of Rocky View Schools and attending either Beiseker, Kathryn, Westbrook, Indus, Crossfield Elementary or W.G. Murdoch schools	\$325.00	\$162.50
2.5 Secondary Stop Fee (ability to utilize an additional specified stop)	\$162.50	\$81.00
2.6 Transportation fee for non-resident students excepting those students outlined in point (2.4) above:		
2.5.1 Non-resident students accessing a school bus within the boundary of Rocky View Schools	\$700.00	\$700.00
2.5.2 Non-resident students accessing a school bus outside the boundary of Rocky View Schools	\$2,000.00	\$2,000.00
2.7 Early registration and payment incentive (completed registration and first payment processed by June 23, 2024).	\$40.00	\$20.00

DIRECTIVE FOR ACTION

Item: Community Use Fees

Date of Meeting: April 25, 2024

Background:

Board Policy 22 Community Use of School Facilities and Equipment, Administrative Procedure AP5014 Community Use of Outdoor Spaces and Administrative Procedure AP5025 Community Use of Facilities and Equipment outline the guidelines for community use of schools. The Policy and Administrative Procedures require Board approval of community use fees on an annual basis.

Current Status:

RVS is committed to community use of its facilities and outdoor spaces. With economic conditions not improving significantly, RVS administration is recommending that the 2024/25 community use fees be maintained at the currently established level to support as much user access as possible. A financial review of the program was conducted to ensure that the program is self-sustaining and not requiring additional support from other sources. A portion of the proceeds supports schools and is intended to renew the furniture and equipment utilized at their respective facilities.

Users can have the insurance fee waived if they can obtain sufficient insurance through their provider and provide proof of coverage. Organized youth and adult groups will likely have this insurance in place and will want to provide proof of insurance to avoid the additional charge.

The Cochrane Turf field was available for use at the end of summer 2023 and a usage fee was established when fees were reviewed and approved in May of 2023. The recommended rates were based on similar fields in the Calgary and Edmonton area. The rates are at the lower end of the scale to maintain the affordability for the user groups. There was limited use of the field before the season ended for the 2023 calendar year. Usage trend will be reviewed for a complete year to determine if a rate adjustment is required when presented to the board in 2025. The fees collected are used to establish a reserve fund to replace the turf when it requires replacement in approximately 20 years.

Administration is recommending no changes to the community use fees for 2024/25. The list of proposed fees for the 2024/24 fiscal year, consistent with those approved for 2023/24, are shown in Appendix A.

Alternatives:

Alternative I

The Board of Trustees approves the proposed fees for the 2024/25 fiscal year as shown in Appendix A.

Alternative II

The Board of Trustees approves an amended fee schedule outlined through Board motion.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Alternative III

The Board of Trustees defers the decision, with a request for administration to bring additional information back to the Board at a future date.

Recommendation:

The Board of Trustees approves the proposed fees for the 2023/24 fiscal year as shown in Appendix A.

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

1. Outdoor Rental Fees and Charges

1.1. Rental Fees

	Outdoor Event Fees* Fields/Parking Lots	Artificial Turf Field
Approved User		
Registered Group Youth Oriented	\$10/hr	\$100/hr
Registered Organization Adult Oriented	\$20/hr	\$125/hr
Private Group	\$30/hr	\$150/hr
Profit-Making Groups	No rental allowed	No rental allowed

2. Indoor Facility Rental Fees and Charges

2.1. Rental Fees

Approved User	Gym		Instructional Space	
	Instructional Day(s)	Non- Instructional Day(s)	Instructional Day(s)	Non- Instructional Day(s)
Registered Group Youth Oriented	\$40/hr	\$110/hr	\$20/hr	\$80/hr
Registered Group Adult Oriented	\$50/hr	\$125/hr	\$35/hr	\$90/hr
Private Group	\$75/hr	\$150/hr	\$40/hr	\$100/hr
Profit-Making Groups	No rental allowed		No rental allowed	

2.1.1. A minimum of 2 hours will be charged for a booking on an instructional day. On a non-instructional day, a minimum of 3 hours will be charged.

2.1.2. G.S.T. will be added to all applicable fees.

2.2. Cancellation, Change and Non-appearance Charges

2.2.1. Changes to an existing booking will result in a \$10.00 non-refundable fee being applied.

2.2.2. An Administrative Fee of \$25.00 will be charged for each booking cancellation within less than ten (10) business days' notice.

2.2.3. An Administrative Fee of \$25.00 plus the full rental fee will be charged for each booking cancelled with less than three (3) business days' notice.

2.2.4. An Administrative Fee of \$50.00 plus the full rental fee will be charged for each failure to appear (no-show).

DIRECTIVE FOR ACTION

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

2.3. Insurance Fee

The insurance fee will be charged to groups at \$20.00 per rental event and \$80.00 per rental agreement with five or more rental events booked on the one agreement. Insurance Fees can be waived if the user group can secure insurance coverage acceptable to the school division.

2.4. Equipment Rental:

Standard Equipment Rental Charges* **	
Game Standards, Nets, Basketball Hoops	No Cost
P.A. System (if available)	\$40/event
Score Clock (additional charges as required)	\$25/event
Bleachers	\$30/event
Chairs	
• 0 – 50	\$30/event
• 50-100	\$50/event
• > 100	\$75/event
Set-up and take down of all equipment	\$50/hour

* Use of equipment not specified above can be requested by a group and if approved by the principal, a fee will be established on a case-by-case basis.

** All equipment must be specified on the rental application AND approval granted by RVS through the online booking process, in order for the Community Use Group to be allowed to use the equipment. The equipment listed above is not available at every school. Questions about availability can be directed to the Booking Agent.
