EXEMPLARY PRACTICE

TO: THE BOARD OF TRUSTEES

FROM: THE SUPERINTENDENT OF SCHOOLS

Date of Meeting: April 17, 2025

Showcase Name: Learning Supports – Student Aquatics

Staff: Karen Duffy, Elizabeth McClelland, Janice Mountain, Tabatha Brownell, Kelsey Mountain, Harman Paintal, Leanne Love

Project Description

This year, Learning Supports has launched inclusive student aquatics programming that takes place each Tuesday at Genesis Place in Airdrie. During this time, students in Grades 1-12 are supported by learning assistants, a physiotherapist, occupational therapist and speech language pathologist so they can take part in activities that support goals identified in their Student Success Plans (SSP). Student aquatics promotes social and functional communication, motor skills, personal growth, independence and community living.

While participating in the aquatic activities, students are learning water safety and strengthening their motor function and skills. By visiting a public community setting, they are gaining confidence, independence and experience at the pool, on the bus and transitioning between the two locations. They are also growing their connections with peers and adults by using their social and functional communication skills.

Student aquatics provides an inclusive learning environment in Airdrie, which is one of the desired outcomes of RVS' Education Plan. Learning Supports is eager to grow student aquatics to other communities in RVS and is seeking out partnerships in Cochrane and Chestermere.

Information Item: School Fees 2025/26 School Year

Date of Meeting: April 17, 2025

Background:

In accordance with section 57 of the Education Act and the School Fee Regulation (95/2019), the Board of Trustees are required to: "Prior to the commencement of each school year establish a school fee schedule that lists each school fee that may be charged to parents".

In addition, the Board of Trustees is responsible to approve the schedule of school fees in accordance with Board Policy 26, Instructional Resource Fees for Optional Courses, Programs, Activities or Goods.

The Superintendent provided direction to school-based administrators to assist with the development of fees for 2025/26 on February 14, 2025. The direction provided to the schools was as follows:

- No increases to any optional course fees by greater of \$10 or 5%
- No school wide blanket optional course fee increase.
- No new alternative program fees for Programs of Choice like building Futures, Mechanic Training Program etc.

Current Status:

School fee submissions were due April 3. A full listing of all proposed fees to be charged to parents can be found in attached appendices as outlined below.

Item: Community Use Fees Preliminary Discussion

Date of Meeting: April 17, 2025

Background:

Board Policy 22 Community Use of School Facilities and Equipment, Administrative Procedure AP5014 Community Use of Outdoor Spaces and Administrative Procedure AP5025 Community Use of Facilities and Equipment outline the guidelines for community use of schools. The Policy and Administrative Procedures require Board approval of community use fees on an annual basis.

Current Status:

RVS is committed to community use of its facilities and outdoor spaces. RVS administration is recommending that the 2025/26 community use fees be maintained at the currently established level to support as much user access as possible. A financial review of the program was conducted to ensure that the program is self-sustaining and not requiring additional support from other sources. A portion of the proceeds supports schools and is intended to renew the furniture and equipment utilized at their respective facilities.

Users can have the insurance fee waived if they can obtain sufficient insurance through their provider and provide proof of coverage. Organized youth and adult groups will likely have this insurance in place and will want to provide proof of insurance to avoid the additional charge.

The Cochrane Turf field was available for use at the end of summer 2023 and a usage fee was established when fees were reviewed and approved in May of 2023. The recommended rates were based on similar fields in the Calgary and Edmonton area. The rates are at the lower end of the scale to maintain the affordability for the user groups. There was limited use of the field before the season ended for the 2023 calendar year. Usage trend will be monitored to determine if a rate adjustment is required, it requires at least 2-3 years of use to establish a good trend line. In 2025, the turf fees will now also apply to Horseshoe Crossing High School's field. Turf fees will be revisited at the next cycle of community fees review. The fees collected are used to establish a reserve fund to replace the turf when it requires replacement in approximately 20 years. This process will be utilized for all turfs owned by RVS

Appendix B shows a summary of comparators within the region to review and reference to aid to the discussion.

Administration is recommending no changes to the community use fees for 2025/26. The list of proposed fees for the 2025/26 fiscal year, consistent with those approved for 2024/25, are shown in Appendix A.

FROM: THE TRANSPORTATION COMMITTEE

Item: 2025/26 Transportation Fees

Date of Meeting: April 17, 2025

Background:

Student transportation and corresponding transportation fees are governed by Policy 17 and Administrative Procedure AP5105. Each year, student transportation fees are updated to reflect projected expenses and revenues of the Transportation Branch. The fees are not implemented until approved by the Board of Trustees.

The *Education Act* and the corresponding regulation for Student Transportation (96/2019) provides guidance to school divisions on the provision of student transportation services and potential transportation fees.

Given all the unknown variables when transportation fees were discussed for the 2024/25 budget year, it was determined to leave fees at the same level and utilize reserves to fund the additional costs forecasted for 2024/25.

The Alberta Transportation Grant for 2025/26 increased by 2.32% over the 2024/25 level.

Minister of Education sent an email on December 16, 2024, advising schools that the walk for limit for Grades 1-6 would change from the proposed 1 km to 1.6 km and for grades 7-12 it will remain unchanged at 2 kilometers. RVS's current service walk limits are 1.5 kilometres for grades 1-6 and 2 kilometers for grades 7-12, therefore not requiring adjusting to meet the revised limits.

Overall cost increases related to contracted services are anticipated to increase to reflect the Consumer Price Index (CPI) slightly over 2% for some of our contract bus operators. For two of our largest operators, the increase for 24/25 was 25% and for 25/26 a scheduled increase of 12% to effectively provide a 40% increase over 2 years. This is a one-time correction to bring them near the market rates and contracts will resume providing CPI increases for the 26/27 school year. Some of the input costs related to the provision of transportation services have outpaced CPI year over year which precipitated to amend existing 10-year term contracts for the two contract bus operators.

Current Status:

The Transportation Committee, the Board Planning Committee and the Budget Committee created and reviewed multiple scenarios to determine an approach to be utilized to address escalating costs while to utilize transportation reserves to reduce the impact on families. In the end, the Transportation proposed that:

- Family discounts remain
- Early registration discount remains
- Add kindergarten bus fee at ½ of the full year regular fee
- Change the secondary stop to the full year regular fee and ineligible for any discount

DIRECTIVE FOR ACTION

TO: BOARD OF TRUSTEES

FROM: THE TRANSPORTATION COMMITTEE

The recommendation coming from the Transportation Committee is to set the regular Transportation Fee to \$395 per year, an increase over the current rate of \$325. The increase has been applied to the existing fee structure in Appendix A along with the introduction of a kindergarten fee and secondary stops not subject to any discounts.

The early registration incentive is also recommended to remain in place as it encourages parents/guardians to register before June 23, thus reducing the number of last-minute transportation registrations in September. Early registrations minimize the delays in the assignment of students to routes, also facilitate route planning over the summer, and reduce the amount of route adjustments in September. The early partial payment provides an indication of the parents/guardian's commitment to have their children on a bus starting in September

Reserves in transportation are projected to be \$4 million at the end of the 2024/25 school year. Given the multitude of variables beyond the Board's control, a reserve balance in transportation of \$1 to \$2 million is recommended to be maintained.

At the April 7, 2025, Transportation Committee, the committee passed the following motion:
The Transportation Committee recommends that we accept the front-loaded scenario for the 2025/2026 school year, which determines that the rate for fees will be \$395, secondary stops will be charged at full price and kindergarten students will be charged at half price.

It is likely that in future years, transportation fees will need to continue to rise as costs rise and transportation reserves are depleted.

Alternatives for when this comes to the Board for consideration:

Alternative I

The Board of Trustees approve the proposed transportation fees for 2025/26 as presented in Appendix A.

Alternative II

The Board of Trustees amend the proposed transportation fees for 2025/26 in Appendix A and approve as amended.

Alternative III

The Board of Trustees refers the matter to the Transportation Committee for further investigation.

Recommendation:

The Board of Trustees approve the proposed transportation fees for 2025/26 as presented in Appendix A.
